MOTOR VEHICLE PACKAGE POLICY — SCHEDULE OF TERMS AND CONDITIONS

Comprehensive Own Damage and Compulsory Third Party Cover

The insured, having submitted a duly completed proposal form, is hereby granted insurance by QuickClaim General Insurance Limited, subject to the terms, exclusions, conditions, and limitations set forth herein. The Schedule attached forms an integral part of this contract.

OPERATIVE CLAUSE — OWN DAMAGE SECTION

The Company undertakes to indemnify the insured in respect of accidental loss or damage to the vehicle insured, arising from and directly caused by the following events during the policy period:

- Fire, self-ignition, lightning, explosion.
- Theft, robbery, or wrongful abstraction.
- Riot, strike, or civil commotion.
- Earthquake fire and shock damage.
- Flood, cyclone, hurricane, inundation, hailstorm.
- **Damage arising from accidental contact with another vehicle or stationary object**, resulting in deformation of body panels, wheel arches, bumpers, and associated exterior surfaces. This includes dents of all sizes caused by such contact.
- **Damage arising from contact with abrasive surfaces or deliberate acts** amounting to malicious mischief, where an act by an identifiable third party can be established and where the damage manifests as surface scratches or paint abrasion.
- **Damage to plastic, composite, or metal components resulting in fracture or structural breach**, caused directly by impact from an insured peril, specifically including cracks to bumpers, wheel arch liners, door panels, and sills.
- **Destruction or breakage of headlamps, tail lamps, indicator assemblies, and auxiliary lamps** caused directly by mechanical impact during an insured event.
- **Shattering, cracking, or breaking of any glass component** of the vehicle, including the front windscreen, rear windscreen, and side door glass. Glass is indemnified at actual replacement cost without depreciation deduction.
- Landslide, rockslide.
- Transit damage.

SPECIAL CONDITIONS — TYRE DAMAGE

Loss or damage to tyres and inner tubes is covered subject to a deduction of 50% of the cost of replacement, provided that the vehicle insured has sustained concurrent physical damage in the same incident. **Coverage under this clause is conditional upon the simultaneous presence of other admissible damage to the vehicle body.**

SCHEDULE OF EXCLUDED LOSSES AND LIABILITIES

Notwithstanding the operative clause above, the Company shall in no event be liable under this policy for any of the following:

A. Exclusions Relating to Panel and Body Damage

A1. Dents or deformations of body panels arising from metal fatigue, long-term vibration stress, or corrosion from within, even where the resulting deformation is externally visible.

A2. Panel damage attributable to overloading of the vehicle beyond the manufacturer's gross vehicle weight rating, where such overloading is the proximate cause.

A3. Dents or scratches on body components that existed prior to the inception of this policy, as documented in the pre-inspection report.

A4. Cosmetic marks or shallow surface scuffs on bumpers caused by parking in proximity to kerb stones during normal driving, classified as unavoidable wear.

A5. Body damage arising from manufacturer recall campaigns or factory defects, recoverable instead under the manufacturer's warranty.

B. Exclusions Relating to Scratch and Paint Damage

B1. Scratches and paint damage from automated car wash equipment, hand washing with abrasive materials, or application of improper cleaning agents.

B2. Fade, oxidation, or chalking of paintwork from prolonged UV exposure or environmental pollutants, constituting gradual deterioration.

B3. Paint damage arising from bird droppings, tree sap, or industrial fallout, not caused by a sudden and identifiable insured event.

B4. Scratches on internally fitted surfaces, door sills, or boot lids from loading and unloading of goods by the insured.

B5. Any scratch or paint damage not reported to the Company within 30 days of occurrence, unless the insured provides written justification for the delay.

C. Exclusions Relating to Cracks

C1. Hairline cracks in laminated safety glass that do not progress into full fractures and do not impair the driver's field of vision as defined in Rule 100 of the Central Motor Vehicles Rules, 1989.

C2. Cracks in engine block, cylinder head, or other internal mechanical components, even where resulting from an external impact, unless such impact is also separately claimed under the body damage section.

C3. Cracks in dashboard, door card, or interior trim materials from heat, UV exposure, or age-related embrittlement.

C4. Fractures to tow bar attachments, roof rack fittings, or aftermarket accessories not listed in the original manufacturer's specification.

C5. Stress cracks in the vehicle chassis or monocoque arising from prolonged use on uneven roads, classified as structural fatigue.

D. Exclusions Relating to Lamp Damage

- D1.** Failure of lamp units due to electrical faults in the vehicle wiring, including short circuits, voltage spikes, or faulty relays, without concurrent physical damage to the lamp housing.
- D2.** Lamp damage arising from thermal stress caused by the use of non-OEM replacement bulbs with wattage exceeding the manufacturer's specification.
- D3.** Damage to interior cabin lighting, instrument cluster lighting, or decorative LED strips not forming part of the vehicle's regulatory lighting.
- D4.** Discolouration, cloudiness, or UV hazing of polycarbonate headlamp covers, not resulting from a specific impact event.
- D5.** Lamp assembly damage to vehicles modified for commercial hire or rental use, contrary to the permitted use under this policy.

E. Exclusions Relating to Glass Damage

- E1.** Glass damage sustained on vehicles being transported as commercial cargo, unless transit is specifically endorsed on the Schedule.
- E2.** Replacement or repair of tinted films, UV filters, or decorative coatings applied to glass surfaces post-manufacture.
- E3.** Sunroof or glass roof panel damage unless specifically included by endorsement in the Schedule.
- E4.** Microscopic surface scratches on tempered side glass that do not impair visibility or constitute a structural breach.
- E5.** Glass repair (as distinct from replacement) where the repaired area exceeds the diameter threshold specified in the Surveyor's Guidelines issued by IRDAI from time to time.

F. Exclusions Relating to Tyre Damage

- F1.** Tyre damage occurring when the vehicle is operated outside the permitted geographical area stated in the Schedule.
- F2.** Destruction of tyres from illegal motor racing, rallying, or competitive driving events.
- F3.** Tyre valve stem damage alone, without accompanying damage to the tyre carcass, bead, or inner tube.
- F4.** Damage to run-flat tyres operated beyond zero-pressure range exceeding the manufacturer's specified distance limit.
- F5.** Tyre damage resulting from driving over road conditions that the insured was aware of before commencing the journey.

DEDUCTIBLE

The insured shall bear the first Rs. 1,500 of each and every own damage claim. This compulsory deductible is not insurable.

IDV AND TOTAL LOSS

Age of Vehicle	% of Depreciation
Not exceeding 6 months	5%

Exceeding 6 months but not exceeding 1 year	15%
Exceeding 1 year but not exceeding 2 years	20%
Exceeding 2 years but not exceeding 3 years	30%
Exceeding 3 years but not exceeding 4 years	40%
Exceeding 4 years but not exceeding 5 years	50%

Total Loss is declared when repair cost exceeds 75% of IDV.

CLAIM INTIMATION

Intimation of any claim must be made to the Company within 48 hours of the occurrence. Failure to comply with this condition may prejudice the insured's entitlement to indemnity.
