PRIVATE MOTOR VEHICLE OWN DAMAGE POLICY

Standalone Own Damage Cover with Nil Depreciation Add-On

This policy document sets out the full terms and conditions of the insurance contract between the insured named in the Schedule and SafeDrive Assurance Corporation. The Schedule, this document, and any endorsements together form the entire policy agreement.

PART A. WHAT WE COVER — OWN DAMAGE

We will pay for physical loss or damage to your vehicle caused by:

- Fire, explosion, lightning, or self-ignition.
- Theft, burglary, or housebreaking.
- Riots, strikes, or civil disturbance.
- Earthquake, flood, cyclone, hailstorm, or other natural calamity.
- **Physical impact damage** caused by collision with another vehicle, animal, or fixed object, resulting in dents to panels, bumpers, or wheel arches.
- **Surface damage including paint and body abrasions** arising from collision, intentional acts, or contact with abrasive surfaces where an identifiable accidental event can be established.
- **Structural fractures to body panels, bumpers, and exterior trim** resulting from impact, collision, or accidental contact.
- **Damage to lighting units** including headlamp assemblies, tail lamp clusters, fog lamps, indicator units, and reflectors, caused by impact or accident.
- **Windscreen, rear windscreen, and door window glass damage** — glass is covered at nil depreciation. The full cost of windscreen replacement is payable without any deduction for the age of the vehicle.
- Landslide or rockslide.
- Transit damage during transportation by road, rail, or sea.

PART A1. GLASS COVERAGE DETAILS

Glass components of the vehicle including the front windscreen, rear windscreen, quarter glass panels, and door windows are covered without any depreciation deduction regardless of vehicle age. This means the full invoice cost of glass replacement at an authorised service centre is recoverable.

What is NOT covered under glass:

- Internal rear-view mirror glass that is not part of the vehicle's main glazing.
- Sunroof and panoramic roof glass, unless specifically endorsed on the Schedule.
- Superficial glass scratches or micro-abrasions that do not constitute a break or chip.
- Glass damage sustained while the vehicle is in commercial transit not covered under this policy.
- Tinted film or protective coatings applied to glass after vehicle manufacture.

PART A2. TYRE COVERAGE DETAILS

Tyre damage is covered subject to a deduction of 50% of the cost of replacement of the damaged tyre and tube. **This cover applies only if the vehicle itself has also sustained damage in the same incident.** Stand-alone tyre claims without concurrent vehicle body damage are not admissible.

What is NOT covered for tyres:

- Tyre wear, sidewall cracking from age, or tread depth below 1.6mm (legal minimum).
- Damage to run-flat tyres used beyond the manufacturer's specified zero-pressure range.
- Tyre damage when the vehicle was being used for illegal racing, rallying, or off-road purposes not permitted under the policy.
- Damage to tyre valves alone, without accompanying tyre or tube damage.
- Gradual deterioration of tyre compound from UV exposure, ozone degradation, or age.

PART B. NIL DEPRECIATION ADD-ON (INCLUDED IN THIS POLICY)

This policy includes Nil Depreciation cover as a standard feature for vehicles not exceeding 3 years from the date of first registration. For vehicles aged 3 to 5 years, a 75% waiver of applicable depreciation is provided. No nil depreciation benefit is available for vehicles older than 5 years.

Age of Vehicle	% of Depreciation
Vehicle age up to 3 years	Nil depreciation (100% parts cost recoverable)
Vehicle age 3 to 5 years	75% waiver of standard depreciation
Vehicle age exceeding 5 years	Standard depreciation applies as per schedule

PART C. WHAT WE DO NOT COVER

The following are excluded from this policy:

1. Consequential financial loss, loss of use, or reduction in market value of the vehicle following an accident, even if the physical damage is covered.
2. Panel dents, scratches, or marks arising from gradual accumulation of minor incidents over time where no single identifiable accident can be attributed as the cause.
3. Scratch damage resulting from routine washing and cleaning activities of the vehicle, classified under fair wear and tear.
4. Cracks in engine mountings, chassis members, or structural frame components arising from metal fatigue or prolonged vibration.
5. Lamp malfunction due to electrical failure, water ingress through an undamaged seal, or simple bulb failure without physical damage to the lamp body.
6. Corrosion of lamp housings or lighting units from long-term exposure to the elements, classified as deterioration rather than accidental damage.
7. Glass haze, delamination, or yellowing of polycarbonate headlamp covers from UV exposure over time, not caused by a specific impact event.
8. Damage to tyres used beyond their rated load index or speed rating as specified by the vehicle manufacturer.
9. Any claim where the vehicle was driven with a tyre already known to be flat or significantly underinflated at the time of the journey.
10. Mechanical or electrical breakdown of any component, including the engine, gearbox, suspension, or braking system, unless caused directly by an insured peril.

PART D. INSURED DECLARED VALUE (IDV)

Your vehicle's IDV represents the maximum we will pay in the event of a total loss or theft. It is calculated at the start of the policy using the manufacturer's list price reduced by depreciation based on vehicle age:

Age of Vehicle	% of Depreciation
----------------	-------------------

Not exceeding 6 months	5%
Exceeding 6 months but not exceeding 1 year	15%
Exceeding 1 year but not exceeding 2 years	20%
Exceeding 2 years but not exceeding 3 years	30%
Exceeding 3 years but not exceeding 4 years	40%
Exceeding 4 years but not exceeding 5 years	50%

A claim will be settled as Total Loss if the cost of repair exceeds 75% of IDV.

PART E. DEDUCTIBLE

You are responsible for the first Rs. 2,000 of each own damage claim under Part A of this policy. This compulsory excess applies per occurrence. An optional voluntary excess of Rs. 1,000, Rs. 2,000, or Rs. 5,000 may be selected at inception for a premium discount.

PART F. NO CLAIM BONUS

Claim History	NCB at Renewal	NCB if Claim Made
0 claims in preceding year	20%	0%
0 claims in preceding 2 years	25%	0%
0 claims in preceding 3 years	35%	0%
0 claims in preceding 4 years	45%	0%
0 claims in preceding 5+ years	50%	0%

PART G. HOW TO MAKE A CLAIM

- Contact our 24-hour claims helpline within 24 hours of the incident.
- Do not authorise repairs above Rs. 500 without our written approval.
- Submit your claim form, vehicle documents, and repair estimate within 7 days.
- Payment is processed within 5 working days of survey completion.

PART H. GENERAL EXCEPTIONS

This policy does not cover any loss arising from: war, nuclear risk, use of vehicle in violation of permit conditions, driving without a valid licence, or use of the vehicle outside the permitted geographical area.

This is a synthetic specimen policy document created for research and educational purposes. It does not constitute a valid insurance contract.
